360 degree feedback often used in tandem with assessment and development centres is a powerful technique pioneered in india by tv rao learning systems who have over the last five years applied this very successfully to many of india s large companies this volume the third and last in the series is an indispensable corollary and companion to the second volume in as much as the focus is on leadership development one of the most urgently felt needs of the corporate sector spurred on by the threats and opportunities of global competition companies are now focusing on developing talented leaders this book in mapping the terrain and the strategies needed to compete focuses inter alia on I assessment centresI new case studies pertaining to top indian corporatesI critical essays pertaining to competency mapping 360 degree feedback assessment centres and mergers acquisitionsI in house work by organizations without outside assistancethese vital issues explored in elaborate detail in this book will be appreciated not only by practicing hr professionals and senior executives but also by management students

since the first edition of this book the level of interest and the varied forms of assessment and development centres have mushroomed iain ballantyne and nigel povah s book looks at the entire process from the underlying concepts to the most effective methods of validation not forgetting the organizational politics involved the main objectives of the book are to establish a thorough understanding of the principles and practice of assessment and development centres to provide sufficient knowledge to enable practitioners to run their own events in a professional manner to help readers to recognise when they may need to call on outside expertise and to equip readers to ask pertinent questions of any prospective advisers this second edition includes guidance to reflect the significant developments within the technology along with further advice on quality control process improvements and further refinements to the increasingly popular development centre concept assessment and development centres represents a practical approach which is sure of a warm welcome from hr professionals

this is a practical step by step guide to how the quality of teaching and learning in schools can be improved through the development of organizational capacity and professional networking whether you re involved in the national college of school leadership s networked learning communities scheme or simply wish to enable teachers to initiate and sustain education change this replacement to david frost s earlier reflective action planning for teachers will be of great benefit the book demonstrates how secondary and primary teachers can contribute fully to the improvement of their school while pursuing their own continued professional development and gaining accreditation

through school based work it provides guidelines for school managers higher education tutors external consultants and lea advisors establishing school based support and gives tried and tested flexible proformas checklists and other practical tools that are ideal for training inset or a personal audit

the european conference on e learning was established 17 years ago it has been held in france portugal england the netherlands greece and denmark to mention only a few of the countries who have hosted it ecel is generally attended by participants from more than 40 countries and attracts an interesting combination of academic scholars practitioners and individuals who are engaged in various aspects of e learning among other journals the electronic journal of e learning publishes a special edition of the best papers presented at this conference

the world health report 2000 has generated considerable media attention controversy in some countries and debate in academic journals this volume brings together in one place the substance of many of these key debates and reports methodological advances and new empiricism reflecting the evolution of the who approach since the year 2000 specifically the volume presents many differing regional and technical perspectives on key issues major new methodological developments and a quantum increase in the empirical basis for cross country performance assessment it also gives the full report of the scientific peer review group s exhaustive assessment of these new approaches
